APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use and manner of use of a portion of the waters of an underground source as heretofore granted under Permit 23287, Certificate 8078 is issued subject to the terms and conditions imposed in said Permit 23287, Certificate 8078 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

This permit is supplemental to the waters of Musgrove Creek and Unnamed Creek. Through the issuance of this permit, it is expressly understood that the Musgrove Creek and Unnamed Creek waters must be used prior to any supplemental groundwater use.

A monthly report shall be submitted to the State Engineer within 10 days from the end of each month which shall include the amount of water pumped from the well and the amount of water used.

amount of water pumped from the well and the amount of water used.

The total combined duty of water under Permits 66605, 66606, 66607, 66608, 66609, 66610, 66611 and 66612 shall not exceed 717.75 acre-feet annually.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.67 cubic feet per second, but not to exceed 414.24 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

February 11, 2005

Proof of completion of work shall be filed on or before:

March 11, 2005

Water must be placed to beneficial use on or before:

February 11, 2007

Proof of the application of water to beneficial use shall be filed on or before:

March 11, 2007

Map in support of proof of beneficial use shall be filed on or before: $\underline{\text{March } 11, \ 2007}$

IN TESTIMONY WHEREOF, I, HUGH RICCI, P.E.,

State Engineer of Nevada, have hereunto set

this 11th day of February, A.D. 2003

my hand and the seal of my office,

Illiear P.E.
State Engineer
Completion of work filed OCT 2 9 2003
Proof of beneficial use filed

Certificate No. _____Issued _____
